TRADELINKS APPLICATION USER MANUAL – FOR WINDOWS

Tradelinks Desktop– Online Trading Platform.

1. **INSTALLATION PROCEDURE:** To install Tradelinks Application, open your web browser and type the given URL <https://www.microlinks.com.pk/trade-online> in URL bar. Download Tradelinks Applications and install it.
2. Please enter given User ID & Password sent to you in your email inbox. The following login screen will appear after the downloading has finished.
3. **Automatic version update.** If new version is released in the production environment, application does not run before installing the updates

GETTING STARTED

Tradelinks login Window

Login Window

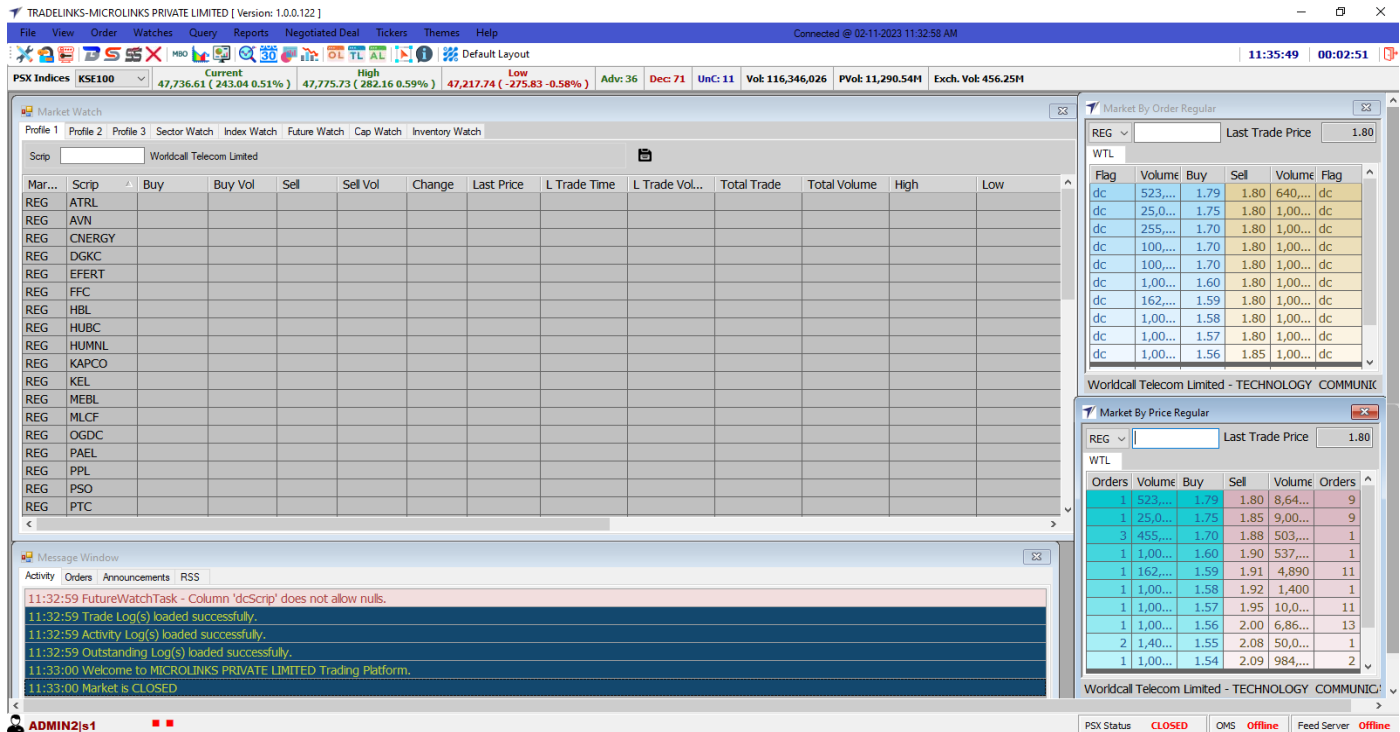

Enter the 'User ID / User Name' and password.

Proceed to enter the application, press the 'Login' button after providing user credentials

To close the application, click on 'Cancel' button.

'Forgot Password' use to recover the forgotten password.

Main Window

Main Window

Menu bar

The menu bar is labeled with names such as "File," "View," "Order," "Watches," "Query," and more. These options allow users to perform specific tasks or access various settings and functions within the application.

Tool bar

User can select tools from the toolbar" is a more natural way to phrase it.

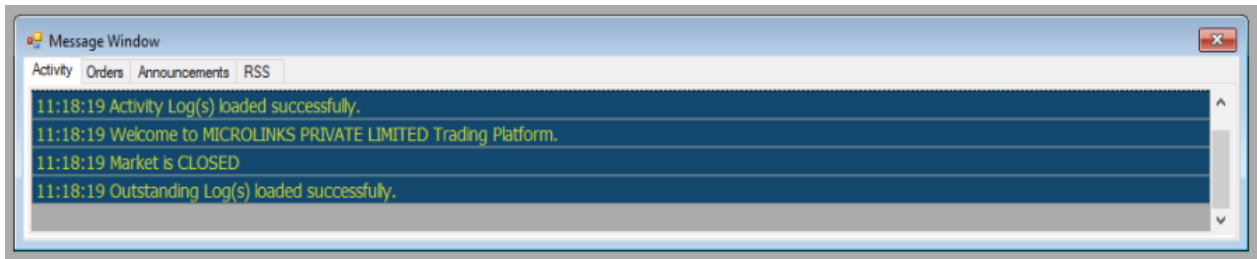

Market Watches window

The users can add 3 profiles and also view sector, index, futures, and inventory watches.

Indices bar

The user can view various indices and exchange volumes in the indices bar according to their specific requirements.

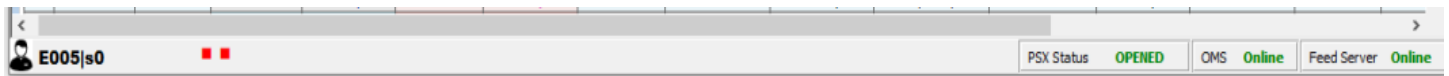

Message Window

Message Window

The user can view all activity, Orders and Announcements messages.

Status Bar

Status bar

The user can view the connectivity of application status.

User can view the complete details of our information.

Symbol Wise Position

The screenshot displays the Tradelinks-Microlinks Private Limited software interface (Version: 1.0.0.127). The main menu includes File, View, Order, Watches, Query, Reports, Negotiated Deal, Tickers, Themes, and Help. The Reports menu is open, showing options like Account Position (F2), Consolidated Summary, Outstanding Logs (Ctrl+F5), Daily Trade Log (Ctrl+F6), Daily Activity Log (Ctrl+F7), Account List (Ctrl+L), Symbol Wise Position (Ctrl+W), Net Position (Ctrl+N), Account Statement (Alt+A), Transaction Statement (Alt+T), Cash Withdrawal Statement (Alt+W), and Miscellaneous Reports. The Symbol Wise Position window is active, showing a table with columns: Client, NetQty, Item, AvailableCash, CurrentPrice, MTMProfit/Los, AvailableForSal, LiquidationVol, and LiquidationVali. The window also includes a 'Show' section with a 'Symbol' input field, a 'Refresh' button, and a 'Liquidity' section with 'Upto Price', 'Liq. Vol. %', 'Calculate', 'Take Up', 'Liquidate', and 'Pin Code' options.

Symbol Wise position

Users can view the symbol-wise current position along with future contract expiry. If a user wishes to sell any script, they can check the current inventory of the script. If a user wants to buy any script with the available balance, the system will calculate the quantity based on the balance amount.
